

# Kindergarten at Zootah

Name: \_\_\_\_\_

Match the animal baby to its adult mother:

Do all baby animals look like their mothers?

Which animal does NOT look like it's mother?

Did you know that different animals have different parts that cover their bodies?

Scales	Fur	Feathers	Quills	Shell
--------	-----	----------	--------	-------

What does each covering do?

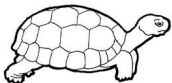

This covering keeps me warm and makes me feel soft:

This covering keeps me safe and defends me from predators:

This covering makes me feel smooth so I can slither, and helps me collect heat on my body:

This covering keeps me safe and gives me a place to hide when I'm scared:

This covering helps keep me warm and helps me fly:

Body parts can be used to help build homes or to sense different things!

Fins	Ears	Wings	Claws	Nose	Teeth
------	------	-------	-------	------	-------

I dig my home with my \_\_\_\_\_.

I use my \_\_\_\_\_ to help me swim!

I smell with my \_\_\_\_\_.

I fly with my \_\_\_\_\_.

My \_\_\_\_\_ help me hear!

My long sharp \_\_\_\_\_ let me chew up my food!
